BLACK CANYON BOWMEN
OCTOBER 26, 2010
ATTENDANCE: 17

We didn't have very much to talk about this month because at our last meeting we were able to set the winter league dates. Winter league dates are as follows: November 18, December 2, 9, 16, 30, and January 6, 13. Set up for Winter league will be Sunday November 14th @ 2:00 pm. We will be meeting at the storage sheds. Our annual Banquet will be January 22, 2011 more to come on this as it gets closer.

T.J. Doug, and I went to the Region 3 shoot card meeting on October 27th. We were able to get all of our shoots the weekends that we wanted.

- Freeze Out will be March 19th and 20th 2011
- Fun Shoot will be April 9th and 10th 2011
- Herrick Shoot will be May 28th and 29th 2011

I need all kill reports turned into me by December 31, 2010. You can get these reports by going to www.blackcanyonbowmen.com , or you can ask me for them because I have printed them out and have extras.

The other thing that we talked about was Larry Velvick had shot a BIG bull during archery season, He and one of his hunting partners had shot this bull at the exact same time as each other. In time Larry ended up letting the other guy tag the animal. Both bow hunters are eligible to enter this bull into Pope and Young and both intend to do so. Our question was simply this should he be eligible to enter this bull into BCB's BIG Bull contest for this year? With lots of discussion between everyone that attended the meeting we ended up do a vote with pencil and paper. Unanimously it was voted that Larry would be able to enter this bull into our contest. Between the time of the meeting and typing these minutes I have received a letter from Larry Velvick stating exactly this:

It appears that my entering my bull in the big bull contest is a controversial issue with some and not wanting to cause further controversy within BCB I have decided to withdraw the elk from further consideration from the contest. I can still enter it into P&Y and intend to do so.

I thank everyone who voted with their honesty regardless of how he or she voted.

Larry Velvick
